[It is a long time since I have heard about my collection. Please let me know how the cataloguing is getting on and when you think you will have the sale.]

COMMODORE W. C. EATON U. S. N.
HAMILTON, N. Y.

December 3,1927.

My dear Mr. Chapman:

Its a long time since I have heard a word about my collection. Please let me know how the cataloguing is getting on and when you now think you may have the sale. How is your health? Good, I hope.

A year ago last summer you wrote me that you would "surely" have the sale that Fall but another Fall seems to have passed. How about it?

Cordially,

W. C. Eaton

I note in Guttag Bros. last price list they are asking 7,50,10,00 and 15,00 for fine Wood's Irish half pennies: 12,50 for their only one "uncirculated". As there are many very fine and uncirculated among the between thirty and forty varieties in my collection, at that rate they should bring good results. Pretty good prices for the other colonials also.
